Careers Education, Information, Advice and Guidance (CEIAG)

Inquiry

The Education Committee is holding an inquiry on the effectiveness of the careers advice given to students.

The inquiry will be a root and branch review of how well the current system for careers education, information, advice and guidance is working (CEIAG).

It will have a particular focus on CEIAG for young people and children, exploring whether current careers advice provides sufficient guidance about career choice, employment, training, and further and higher education opportunities to young people.

Thank you

WONKHE
