Overall headlines

THE NEW NORMAL

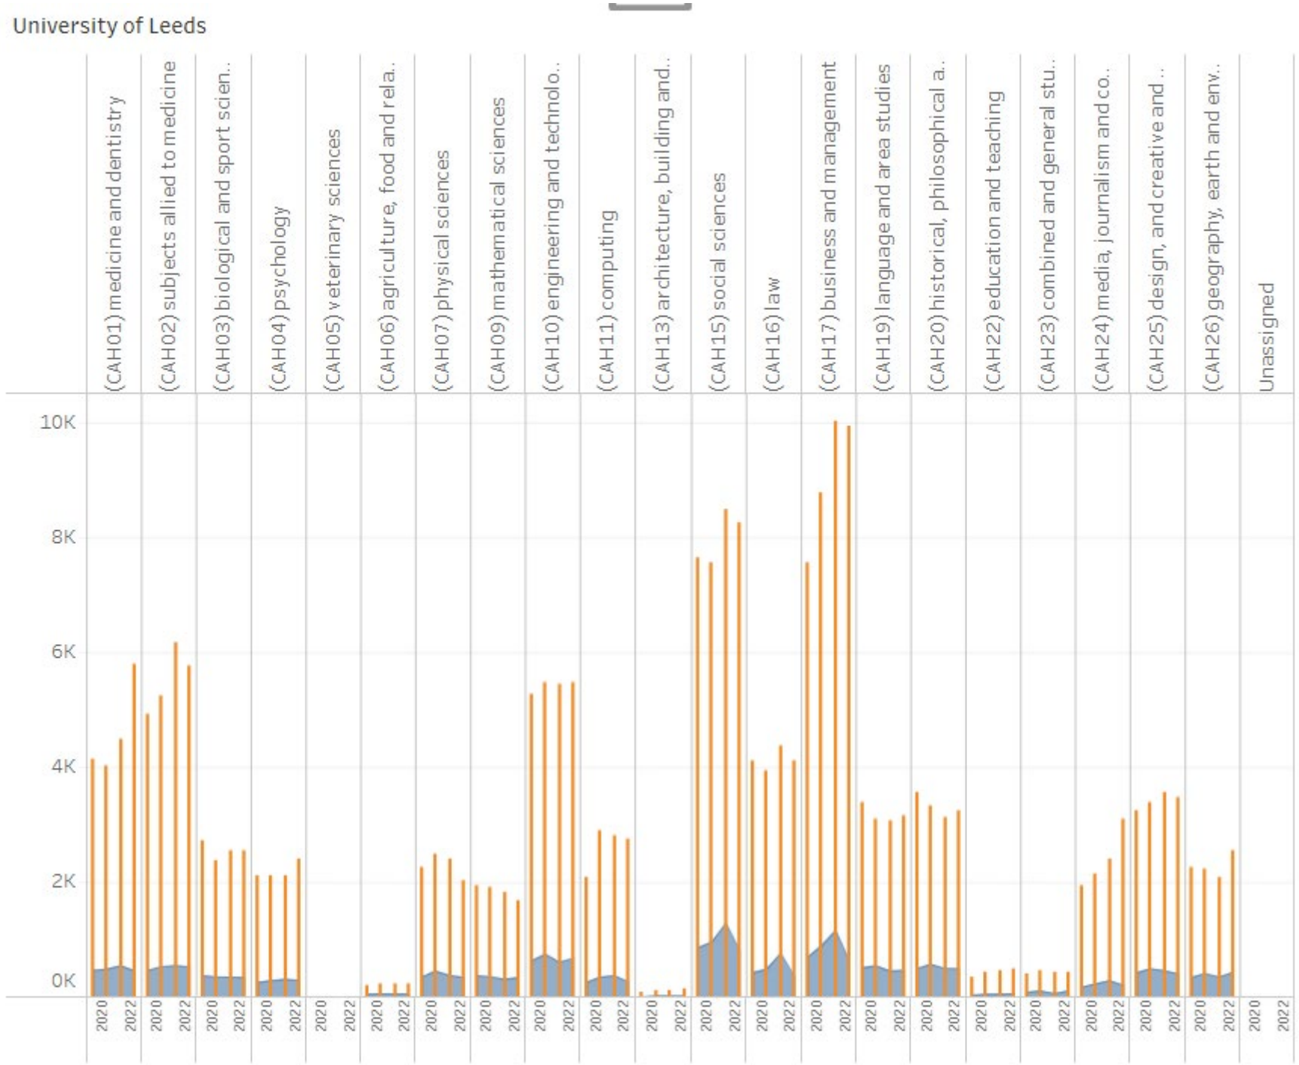
After two unusual cycles, applications and acceptances generally returned to existing medium term trends.

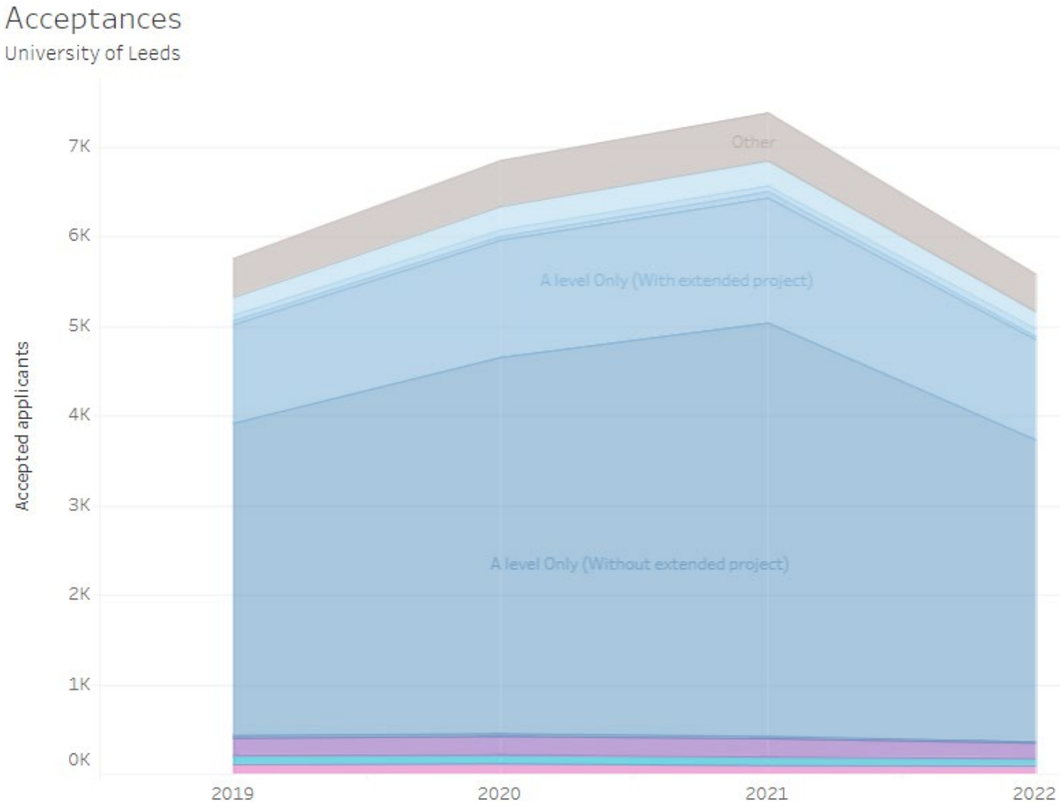
Application numbers highest on record – higher education is as popular as ever, but this is largely down to demographic trends.

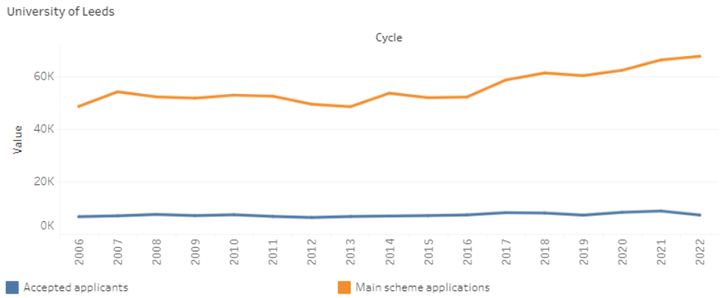
Placed numbers also highest on record, including those placed through clearing.

International demand – growth in India and Nigeria, slight decline in China. Notable “mission group” split in international emphasis.

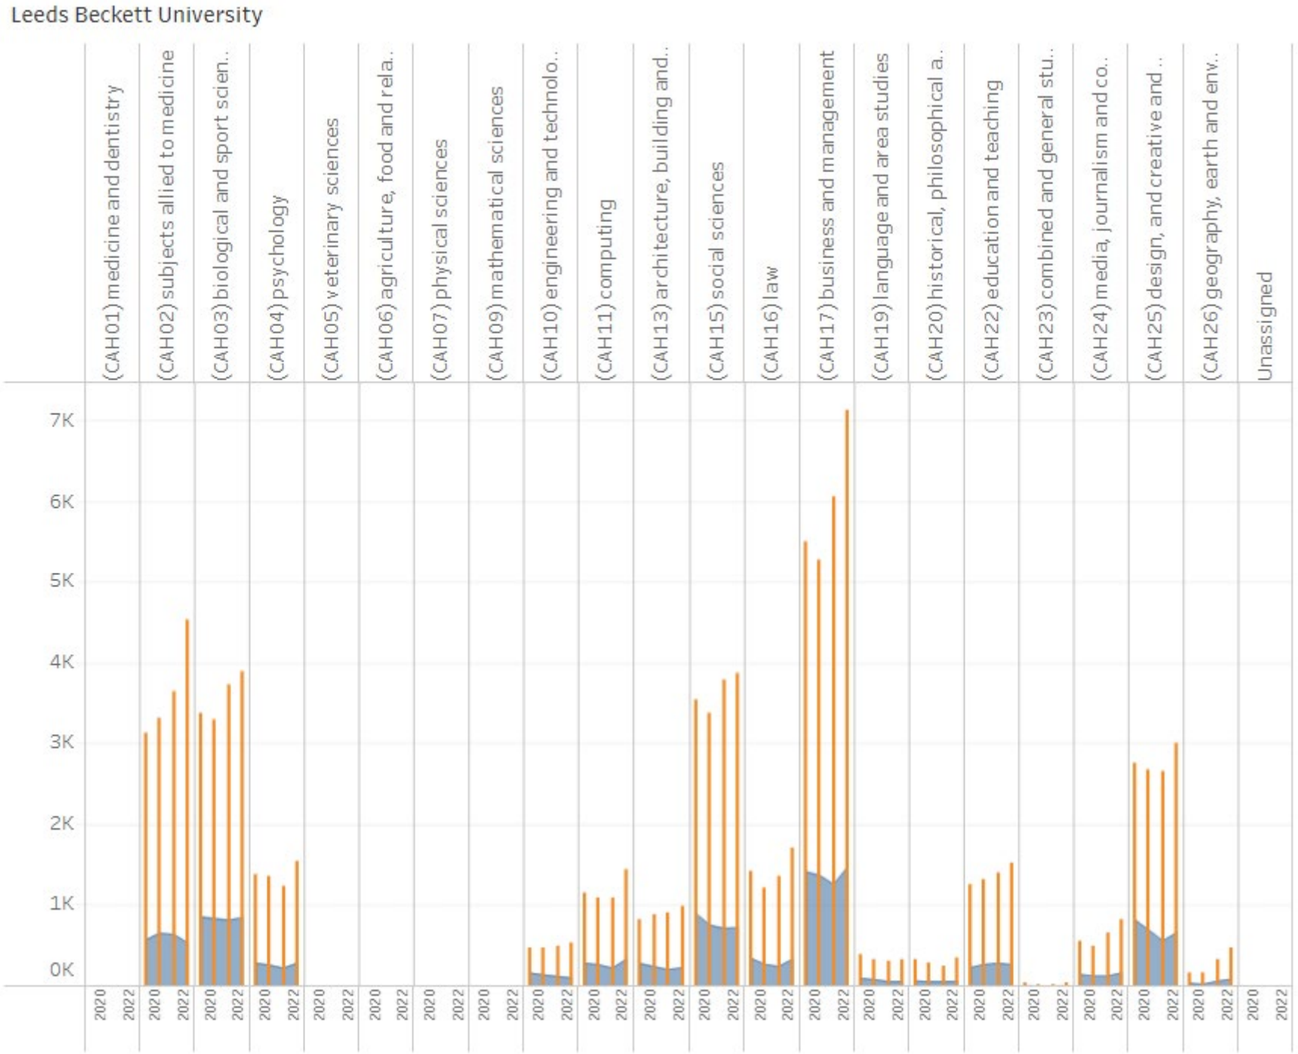
University of Leeds

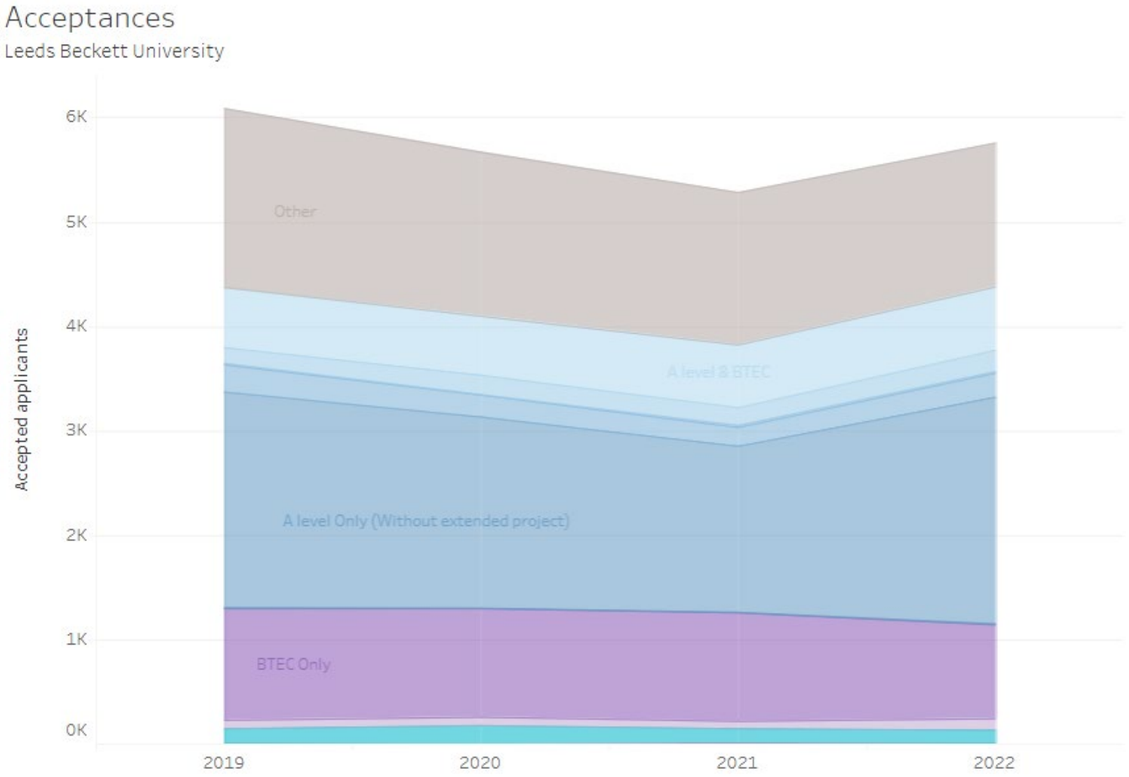


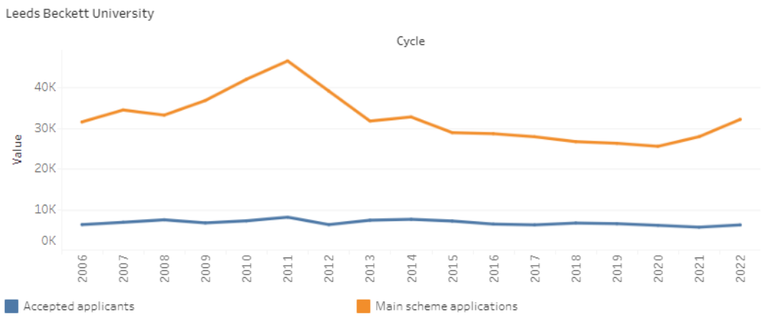




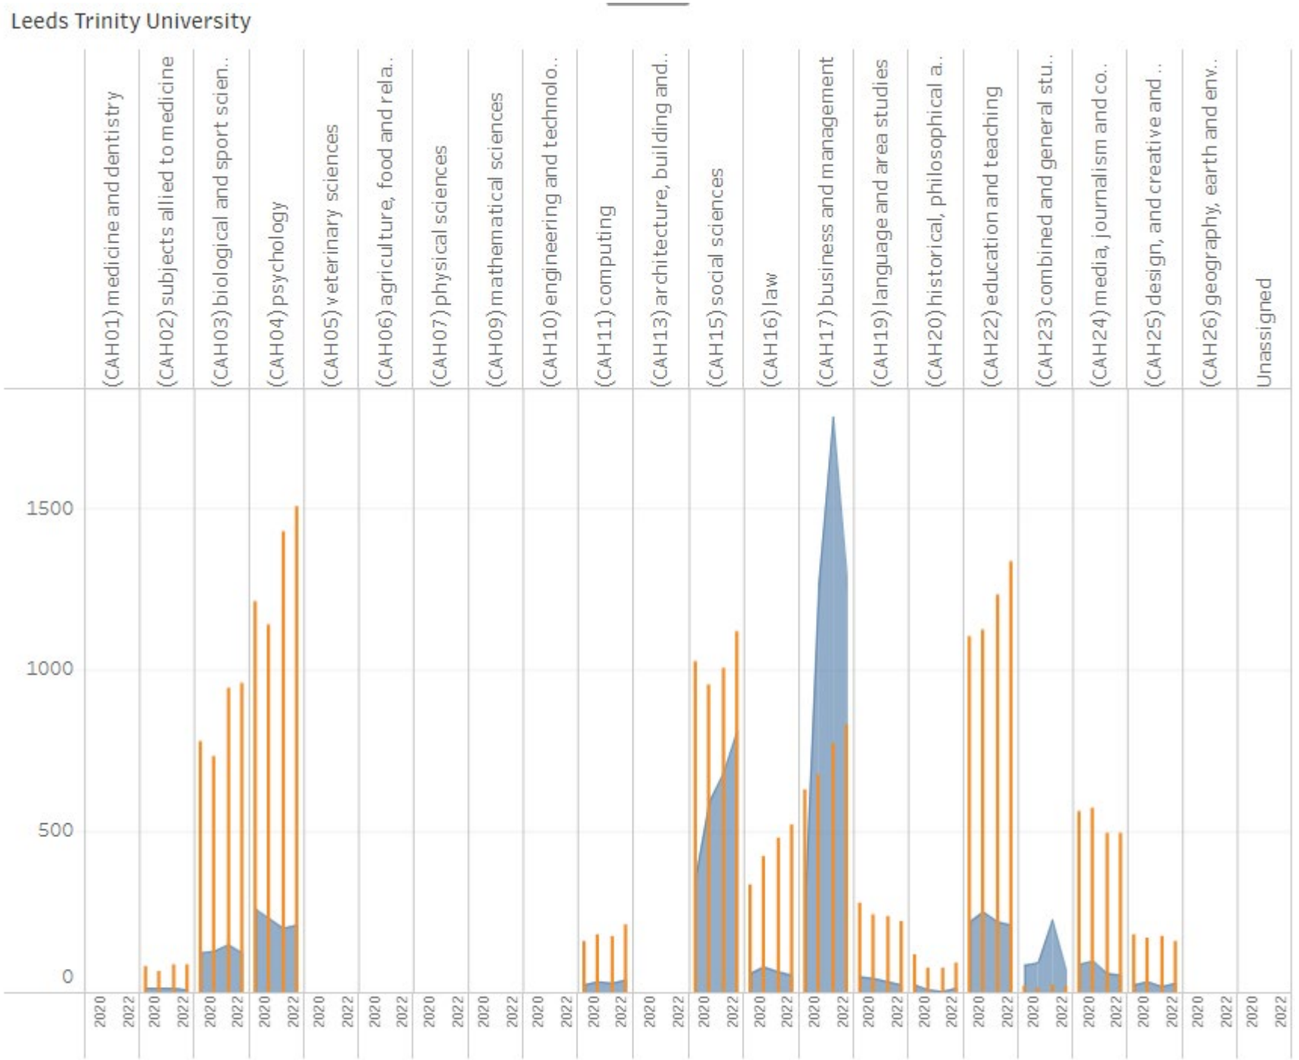
Leeds Beckett University

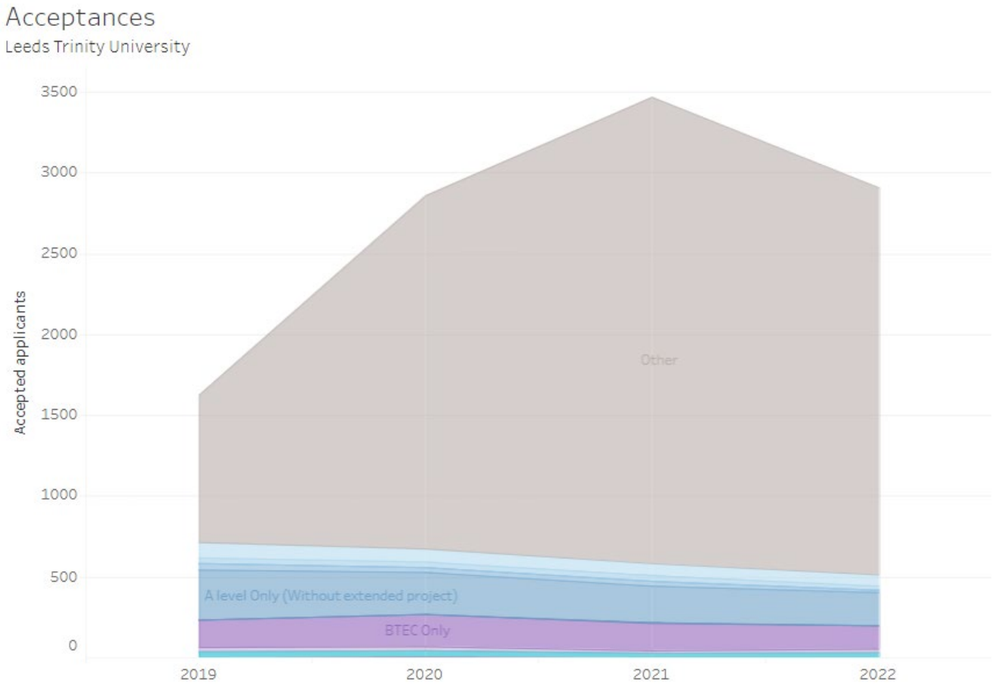


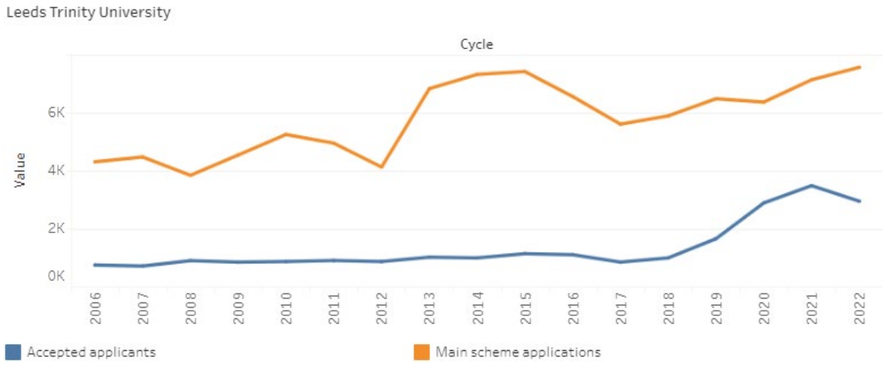




Leeds Trinity University







Leeds Arts University
