

# StREAM: GIVING YOU THE POWER TO SHAPE STUDENT SUCCESS

Unlock meaningful insights, empower your students, and drive academic achievement with StREAM - the UK's most powerful **Student Engagement Analytics Platform**.

- StREAM takes real-time data from various digital touchpoints and uses its powerful algorithm to transform the data into a comprehensive view of student engagement.
- Dashboards empower students and tutors by providing a clear visual representation of engagement, enabling proactive outreach that enhances retention, boosts academic achievement, and fosters well-being.

## Why StREAM?

- Our powerful algorithm is proven to identify students who went on to withdraw with **90% accuracy** and **up to six weeks before withdrawal\***
- Over the past 4 years, the University of Essex has seen a **54% reduction** in withdrawal rates for low-engaging students using insights from StREAM\*\*
- Partners with **over 25** universities including Middlesex, Keele, Leeds, Essex and NTU
