The Ritsumeikan Trust

- Assistant Trustee
- Executive Vice Director, Division of General Planning and Development
- Executive Vice Director, Division of Industry-academia collaboration

University Vision

Challenge your mind Change our future

The Meaning of
Expansive Recoupling of
Research and Education

Realize The Creation of New Value

We will strive to create new value. We will paint a picture of the ideal future society, and we will support individuals who strive to create new value to realize that ideal.

Actively Contribute to Global Society

As the world grows increasingly complex in step with globalization, we will ground ourselves in our ideals, and, showing empathy for and trust in others, we will pursue the globalization of our education and research to help make the world a better place.

Evolve Teaching and Research with Technology

In an age in which technology is dramatically changing society, we will appropriately utilize this ever-evolving technology to raise the level of our education and research, and to challenge ourselves to develop technology that can contribute to the creation of a better world.

Create Future- Oriented Campuses

Utilizing our campuses to the fullest, we will strengthen ties with local communities and the world, and we will strive to create new value for the campuses as integral parts of society.

Pursue Seamless Institutional Development

To enhance the infrastructure required to create new value, we will strive to offer education and research that is seamless in every sense of the word, including spatially, geographically, and temporally.

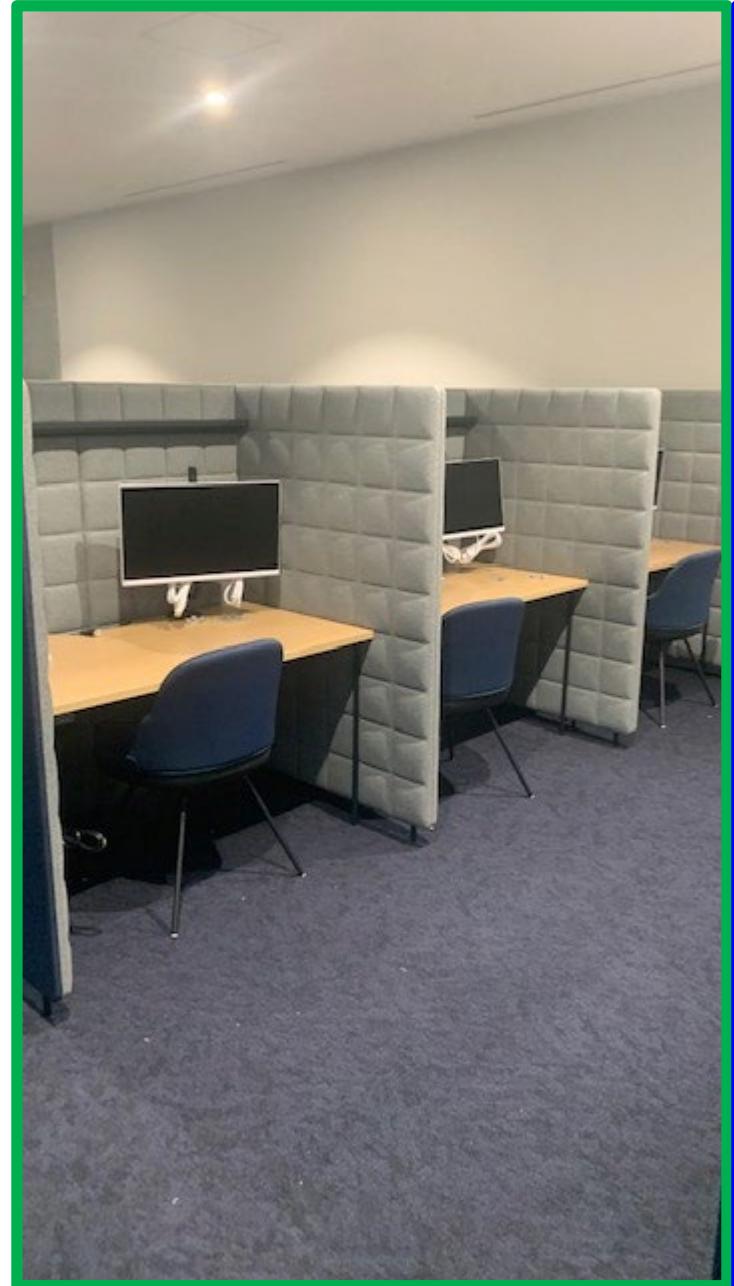

Embrace Diversity for Academy Development

We will strive to pursue Academy development that fully embraces the diversity that derives from the interplay of a wide range of individuals, including students at every level, faculty, staff, and alumni as well as a wide range of organizations.

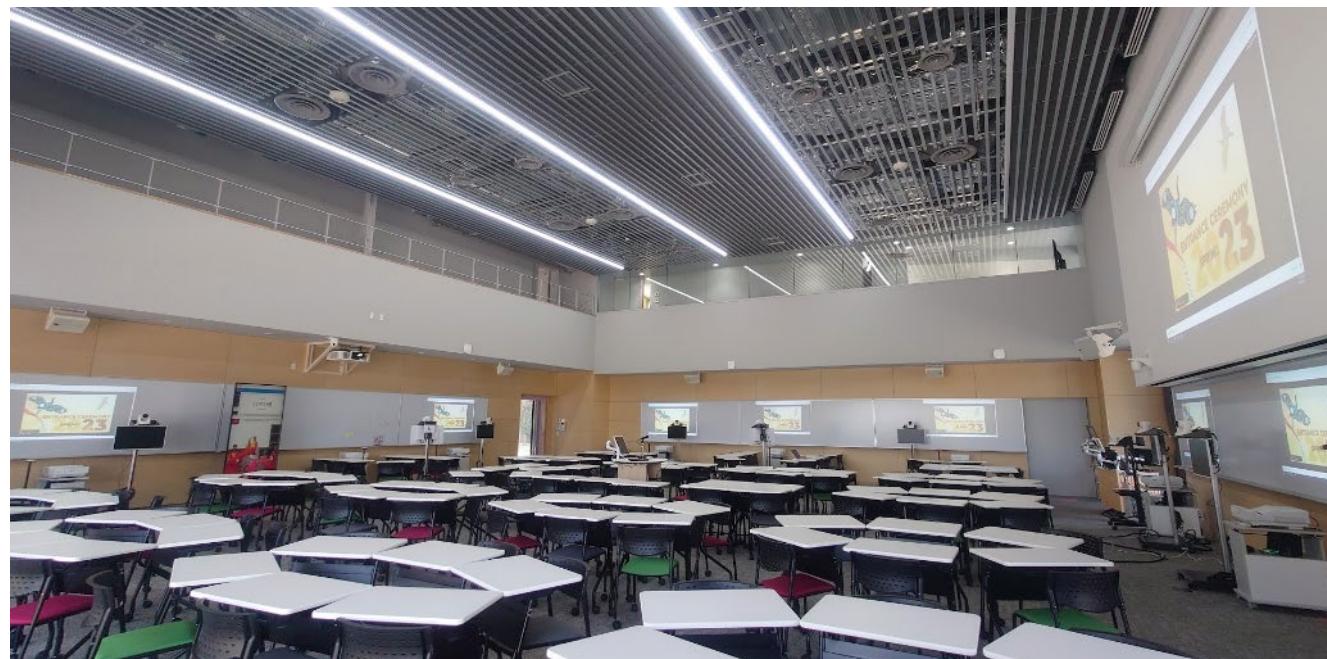

Human Resource Development for Creativity, Innovation, and Pioneering

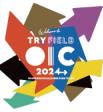

New Cutting-Edge
learning environment

With the City Council

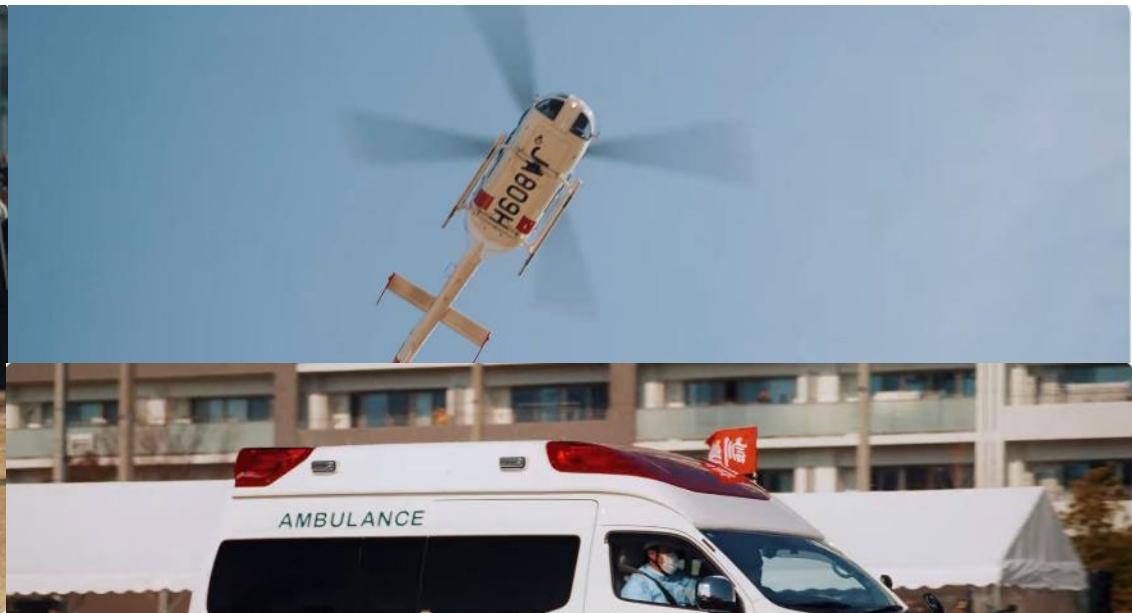

茨木市のみなさまから選ばれたキーワードをもとに、立命館大学の学生と協賛企業各社がアドビ株式会社に協力いただきながら、画像生成AIを活用したポスター制作に取り組みました。

選ばれている中でもっとも「みらいの茨木が“こういったみたい!”」を感じられたポスターにシールで投票をお願いします（どちらでも投票可能一日1人1票まで）。その投票結果をもとに、4月13日(土)14:30よりオンラインモール茨木駅ジョイプラザにて開催予定。協賛企業が集まり、投票内容を発表する表彰式を開催します。みなさんの投票、お待ちしております！
